## DETAILED ACTION

### ***Claim Rejections - 35 USC § 102***

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1, 2 and 4 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Westrich '012 (note especially Figures 1 & 11; column 4, lines 34-42 & 52-65; column 5, lines 63-68; column 6, lines 1, 50-54 & 63-68; column 7, lines 1-4 & 12-17; column 9, lines 13-36 & 61-68; and column 10, lines 4-9).

### ***Allowable Subject Matter***

3. Claim 3 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims. The examiner respectfully asserts that one of ordinary skill in the art would not have found it obvious at the time the invention was made to modify the covering arch of the hammock stand of Westrich '012 to include the particular structure of unitary curved end sections having upper ends *which are positioned between and affixed two curved connection sections* as specifically recited in claim 3.

***Conclusion***

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Tseng '896, Wege et al.
